Virginia Crossing Pond Policy

Virginia Crossing has three ponds, identified as NE, SE & SW. In May 2024, the Board signed Pinellas County Sheriff's Trespass Authorization into effect, Section 810.09(3), Fla. Stat.

This signing allows the Pinellas County Sheriff and his Deputies to communicate orders to leave the property located at 1131 Dixon Ct. including any of the three (3) ponds if anyone is trespassing. Trespassing includes fishing in the ponds. The signing of this policy will remain in effect until it is revoked.

Virginia Crossing's insurance policy indicates there are **NO activities, including fishing**, on any of the ponds. Virginia Crossing has signage indicating no trespassing, fishing or swimming posted at each pond location. The **NO activities** includes homeowners.

Southwest Florida Water Management System discourages any type of fishing or recreation in ponds as the storm water runoff carries pollutants.
